Task notes | Spot the numeral
Te Kimikimi Tau 1

Y1

Notes for parents. Activity next page.

The purpose of this task is to help your child to:

- notice numbers around them
- recognise numbers from 0 to 9 (the numerals)
- write numbers from 0 to 9

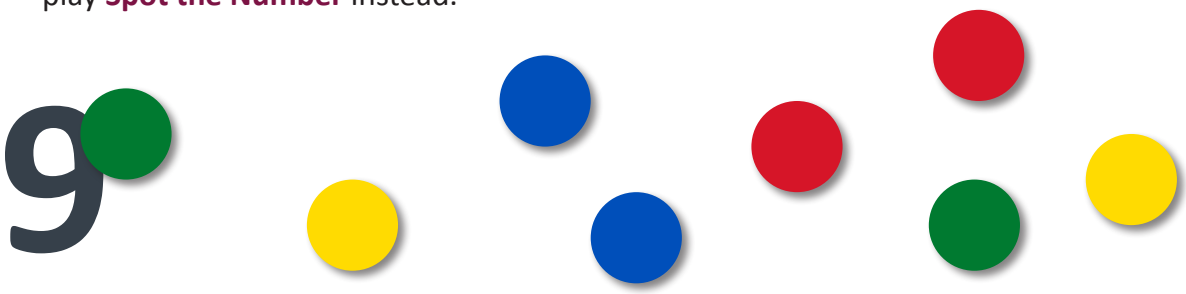
The idea is that your child goes on a hunt **looking for (spotting) numbers in and around your home**.

You may like to print or make a chart like the one on the next page.
You could also provide coloured sticky dots.

Suggested ways to use the chart:

- Have your child predict which number they think they might see most often and say why.
- As your child goes on their 'hunt', have them keep track of their finds by **writing the number** on the chart in the correct place, or putting a spot beside the number.
- Your child could also 'spot' (put a dot on) the places where they find a number.
- Can they fill a line? Which number do they 'spot' the most?
- Talk with them about the numbers they find and where they find them.

If your child already correctly reads and writes the 10 numerals, have them play **Spot the Number** instead.



He tauira kōrero Māori

Haere tāua ki te kimikimi tohutau.	Lets go looking for numbers.
He aha tēnei tohutau?	What is this numbers?
Titiro ki te karaka. He aha ngā tohutau kei reira?	Have a look at the clock. What numbers are there?
Tīkina he pukapuka. Kei hea ngā tohutau whārangi?	Get a book. Where are the page numbers?
Titiro ki te tō. E kite ana koe i ētahi tohutau?	Have a look at the stove. Can you see any numbers?
Tuhia te tohutau e kite ana koe ki te tūtohi nei.	Write the number you have found on this chart.
Whakahuatia mai ēnei tohutau kua tuhia ki te tūtohi nei.	Say the numbers on this chart.
Tīmata ki raro nei, ki te tohutau iwa, ka pānui whakarunga ai.	Start at the bottom at the number nine, and read upwards.
Ko hea te wāhi tika hei tuhi i te ono?	Where is the correct place to write the six?
Ko tēhea te tohutau e kitea nuitia ana i tō tātou kāinga?	Which number is seen most in our home?
