

Time zones: 1

Use the time zones map to answer these questions. You may need to access the internet to find the location of some places.

1. Two cities are five hours apart in time. What cities might they be? Find at least five answers.

2. Lucy lives in Timaru. She wants to phone her good friend in Mumbai.
When would be a good time to call? Explain why.

3. An important rugby test is being played in Dublin at 7:35pm. Will you watch the game or is it past your bedtime?

4. Andrew's flight to Seoul leaves Wellington at 9:15am. What time is in Seoul when the flight departs?

If the flight takes 13 hours, what time will it be in Seoul when Andrew lands?

5. Waimarama goes on a flight from Buenos Aires to Auckland and misses all 24 hours of her birthday. How could this happen? Describe a flight where that would happen.
6. Find out how many time zones New Zealand has. Explain why it has that many zones.
