

Time for Change

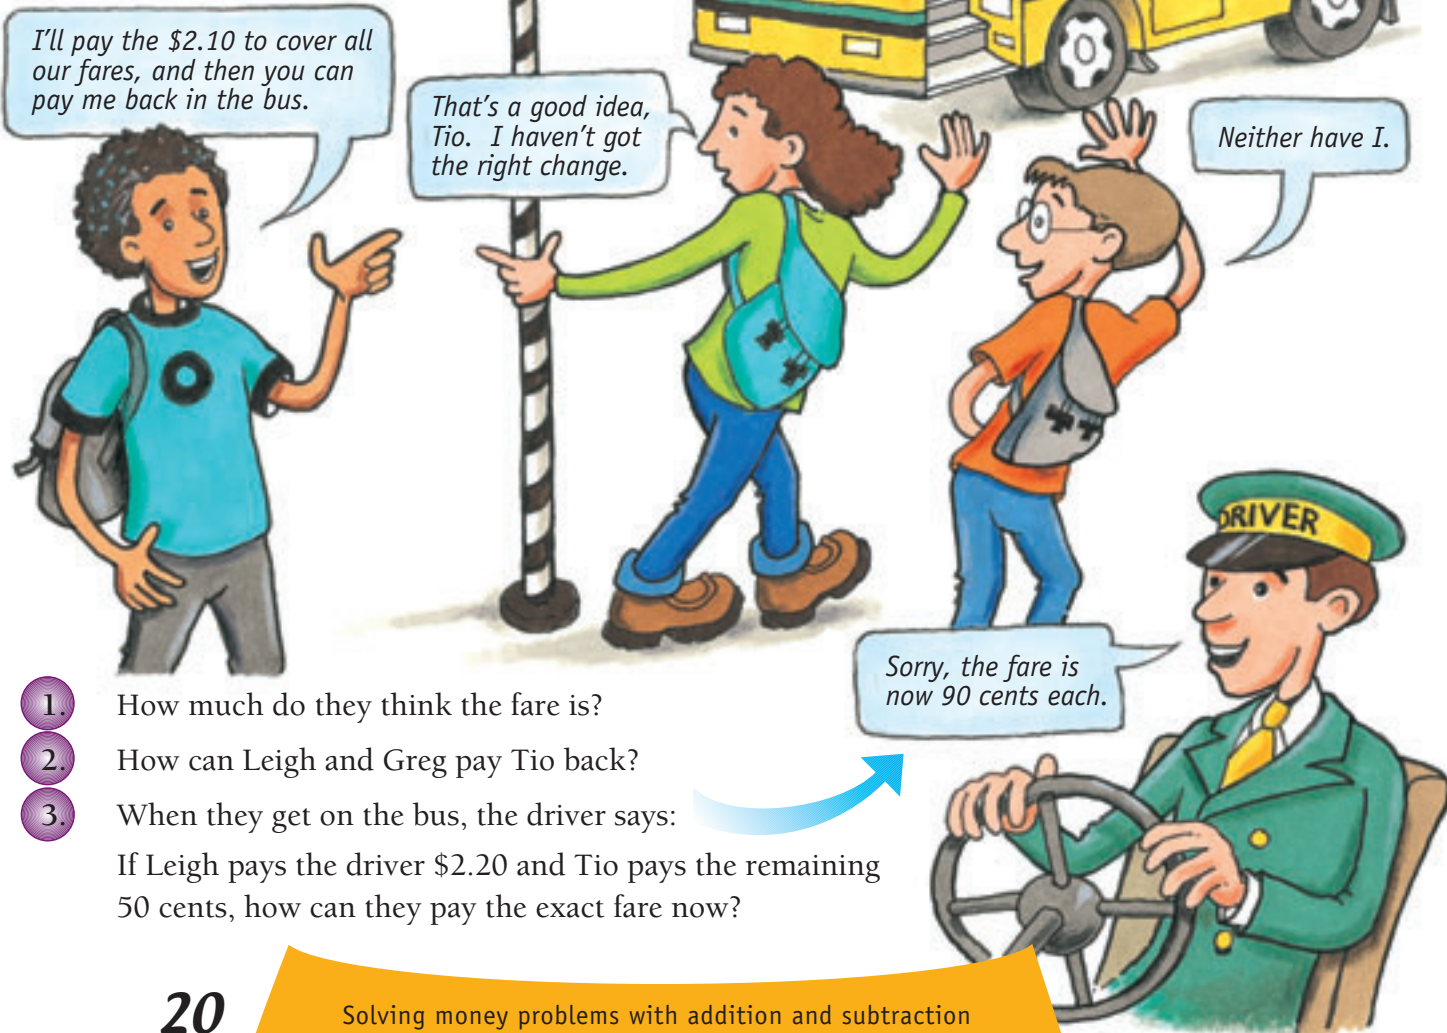

You need toy money

Activity

Tio, Leigh, and Greg are going to the swimming pool. They are waiting for the bus. They have these coins:

The bus driver does not give change, so each person has to pay the exact fare.

1. How much do they think the fare is?
2. How can Leigh and Greg pay Tio back?
3. When they get on the bus, the driver says:
If Leigh pays the driver \$2.20 and Tio pays the remaining 50 cents, how can they pay the exact fare now?
