

1. Each pair need two dice and paper for recording.
2. Decide who is player A and who is player B.
3. Players take turns rolling the dice.
4. Player A scores a point if the sum of the two numbers is 5, 6, 7, 8 or 9.
5. Player B scores a point if the sum of the two numbers is 2, 3, 4, 10, 11 or 12.
6. The winner is the player with the most points after each player has rolled the dice 10 times.
