WEEKLY PLANNER

Y6

Week 4 (fractions and probability)

This week we focus on fractions and investigate possible outcomes in simple games.

DAY 1

Fractions e-ako ☐

- Go to the number facts pathway in e-ako maths.
- Choose the Fraction pairs game and play "Fractions to make 1" a few times. How many pairs can you answer in one minute?
- If you can answer most of the questions quickly and correctly try the "Fractions to make 2" or "Improper fractions to make 2" variations.

Fractions activity ☐

- Go the activity Fun with Fractions and follow the instructions.

Probability e-ako ☐

- Go to the probability and statistics pathway in e-ako maths.
- Choose e-ako G3.20 (2ndyellow button; 3rd row).
- Work through pages 1–8.

DAY 2

Fractions e-ako ☐

- Go back the number facts pathway in e-ako maths.
- Play one of the variations of the Fraction pairs fame. How many pairs can you answer in one minute?

Probability e-ako ☐

- Go back to e-ako G3.20 on the probability and statistics pathway.
- Work through pages 9–14.

Probability activity ☐

- Go to the activity Superbeans and follow the instructions to complete Activity 1.

DAY 3

Fractions activity ☐

- Go the activity Fraction Frenzy and follow the instructions.
- You will need to make yourself some fractions cards, like the ones shown in the activity.

Probability e-ako ☐

- Go back to e-ako G3.20 on the probability and statistics pathway.
- Work through pages 15–19.

Probability activity ☐

- Go to the activity Horse Racing and follow the instructions.
- You might need to draw the game grid, which is shown on the second page of the activity.

DAY 4

Fractions activity ☐

- Go the activity Weekend Sport Results and follow the instructions to play the game.

Probability e-ako ☐

- Go back to e-ako G3.20 on the probability and statistics pathway.
- Work through pages 20–26.

Probability activity ☐

- Go to the activity Dylan's Dominoes and follow the instructions.

DAY 5

Fractions e-ako ☐

- Go back to the number facts pathway.
- Play one of the variations of the Fraction pairs game. How many pairs can you answer in one minute?

Fractions activity ☐

- Go the activity All Bottled Up and follow the instructions.

Probability activity ☐

- Go to the activity Checking Chances and follow the instructions.

independent supported interaction
