

Heading for Home

You need a calculator (optional)

Activity

Some aliens have been having a holiday on Earth, but now it's time to head home. They are all keen to get back to their own planets, but first they have to board the correct spaceship. To find out which spaceship they have to catch, each alien has to solve the problem shown on their boarding pass.

Work out the answer to each alien's problem to find out which spaceship they have to catch. Copy and complete this table. →

Spaceship number	Alien number
24	
3 600	
28	
26	
3 375	
3 450
