

It's a Magic Mishmash

You need a classmate

Activity

Irwin and Xanthe are putting numbers in the magic number machine.

1. What's the yellow pipe of the magic number machine doing with the number that's put in?
2. What are the first three numbers that will come out of the yellow pipe if these numbers are put in:
a. 13? b. 27? c. 45?
3. What's the green tube of the magic number machine doing with the number that's put in?
4. What are the next five numbers that will come out of the green tube of the magic number machine if these numbers are put in:
a. 212? b. 441? c. 702? d. 597?
