

Addition facts to 20

Purpose:

The purpose of this activity is to help your child to instantly recall their addition facts to 20.

Link to the Number Framework:

Number facts, Stage 6

What you need:

2 Sets of number cards 0 – 10. You can print these or make your own.

Cardboard. (Old cereal boxes are good)

What to do:

Print the number cards and glue them on to cardboard or write the numbers on cardboard cards.

Each player has a set of cards (0- 10) they hold in a pile in their hand.

The players sit opposite each other. Each person turns over a card and places it on the table.

The first person to correctly add the two numbers together wins a point. The cards then go back at the bottom of the player's pile.

Players shuffle their pack throughout the game.

What to expect your child to do:

- To instantly recall the addition facts up to 20.

Variations:

The cards can also be used in the same way for multiplying.

He Kupu Māori:

cards	kāri
total	tapeke
add	tāpiri

He Whakawhitinga Kōrero:

- Anei ō kāri. (*Here are your cards.*)
- He aha te tapeke? (*Whats the total?*)
- Ko te tekau mā toru te tapeke. (*13 is the total*)
- Tāpirihia ngā tau. (*Add the numbers.*)
- Ehara tēnā i te tapeke, ko te tekau mā rima kē! (*Thats not the total, its 15!*)

1	2	3	4	5
6	7	8	9	10
