

## Multiplication Loopy Cards

### Why do this?

You can help your child to recall the multiplication basic facts.

### What you need:

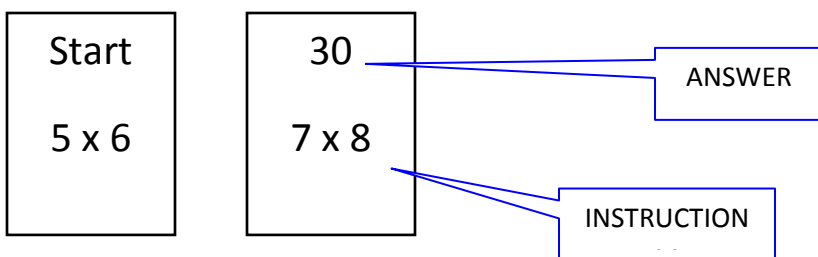

Set of multiplication Loopy Cards. You can print these or make your own.

### What to do:

Deal out the cards between the players. Players can spread their cards out face up.

The person who has "Start" Loopy Card begins by reading out loud the instruction on that card, "5 x 6" and then places the card in the middle.

The person who has a Loopy Card that has the answer "30" calls out the answer and places it on top of the start card. The player then reads the next instruction.

The game keeps going until the card with "Finish" is placed in the middle.

### What to expect your child to do:

- To recall the multiplication basic facts. They should become quicker at instantly recalling the facts.

### Variation:

Make a set of Loopy Cards that has the multiplication basic facts that your child needs to practise most. Children can match the answers and instructions to form one continuous line.

### Multiplication Loopy Cards

Start	30	56	54	15
5 x 6	7 x 8	6 x 9	3 x 5	3 x 9
27	40	48	21	45
5 x 8	6 x 8	3 x 7	5 x 9	4 x 8
32	42	35	36	50
6 x 7	7 x 5	4 x 9	5 x 10	7 x 7
49	24	63	18	28
8 x 3	7 x 9	3 x 6	4 x 7	Finish
