

Bonuses and Penalties

A game for 2 or more players

Equipment

- Set of cards
- Collection of red and black counters- red represent -1, black +1
- Paper to record transactions

How to play

Shuffle the cards

Give each player 5 black and 5 red counters to start with

First player selects a card and follows the card instructions, adjusting counters accordingly i.e. “you vacuumed the house 2 bonuses” player takes 2 black counters from the bank or removes 2 red counters from their pile.

Cards are shuffled and placed face down again after each players turn.

At the end of the game each player receives \$1 for each black counter and loses \$1 for each red counter they have, the player with the most money wins.
