

Cooking Up a Storm

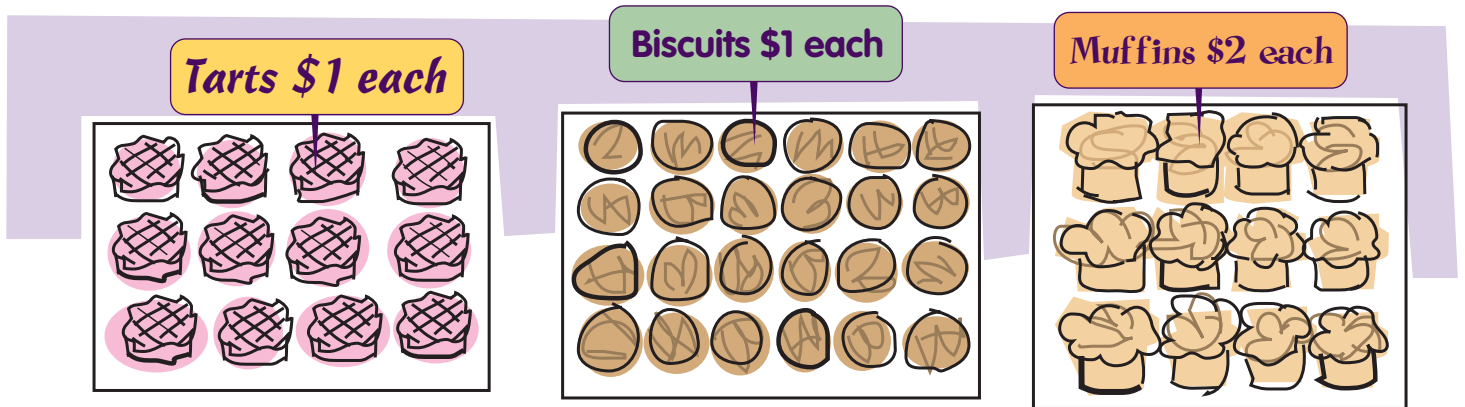

You need toy money

counters or cubes

Activity

Baker Bob bakes tarts, biscuits, and muffins.

This is what he has for sale when he opens his shop on Tuesday morning:

1. How many tarts, biscuits, and muffins has he baked altogether?
2. Hannah and Brendon buy half of Baker Bob's muffins. They share the cost equally.
 - a. How many muffins do they each have?
 - b. How much do they each have to pay?
3. Stephan and Emma buy all the tarts and one-third of the biscuits. They share the costs equally. How much do they each have to pay?
