

# Fair and Square

**ACTIVITY**

You need: square grid paper

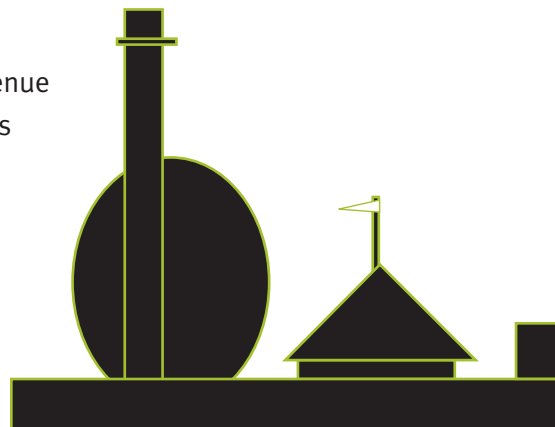

A fair has been set up in Bridgeton Square. A high canvas wall surrounds it.

Mike walks down North Street towards the square. Over the top of the wall, he can see the main tent, the bungee tower, and the Ferris wheel.

**North Street**

Aroha walks down East Avenue towards the square. This is what she sees:

**East Avenue**

1. Using a 5-by-5 array of squares on square grid paper, draw a bird's-eye view of Bridgeton Square. Draw the Ferris wheel, the bungee tower, the entrance, and the main tent.
2. Richard walks down South Street towards the square. Draw the view that he sees.
3. Niang walks down West Avenue towards the square. Draw the view that she sees.
