Patterns

Arrange these counters in a repeating pattern. Describe your pattern and say what would come next if you had more counters.

1. Look at the objects you have been given.
2. Can you group matching ones together?
3. What different shapes and colours do you have to make a pattern?
4. Make a pattern with some of your shapes.
5. Does your pattern repeat?
6. What would you need to add to repeat your pattern again?
