

Pick the Pattern

You need a classmate

Activity One

Some patterns made with different objects are shown below.

1. What will be the tenth object in each pattern?
2. What about the twentieth object?
3. Discuss with your classmate how you worked it out.

Activity Two

1. Use objects in your room to make up another pattern like this for a classmate to guess.
2. What will be the twentieth object in your pattern?
