

Preparing for the Hāngi

Activity One

Hine and Rāwiri have to order the food for a hāngi on their marae. They are not sure how much food to order.

How much chicken and pork should Hine and Rāwiri get? Explain your answer.

Activity Two

Auntie Wikitoria told the children her rules for how many vegetables they should get.

One kūmara per person plus 10 extra to cover for people who are really hungry

Half a potato for each person

Two cobs of corn per person minus 10 to take account of people who don't like corn

A handful of pūhā for each person

Six carrots for every five people

One kamokamo for every five people

How much of each vegetable will Hine and Rāwiri have to order for the hāngi? Write your answer as a shopping list.
