

➤ Notes for parents. Activity next page.

**The purpose of this task is to help your child to:**

- notice where **numbers** appear around them
- correctly read and write **2-digit numbers**

You may like to print or make a chart like the one on the next page.

**Suggested ways to use the chart:**

- Have your child predict which line on their chart they think they will fill first.
- Talk about the places they might find numbers (for example, page numbers in a book, in supermarket advertising material)
- As your child goes on their 'number hunt', have them keep track of their finds by **writing the number in the correct place on their chart**.
- Have them draw or write some of the places they find numbers.
- Talk with them about their 'finds'.

# Task notes | Te Kimikimi Tau 2

## Spot the number

### Tau Kura 1

#### He tauira kōrero Māori

Haere koe ki te kimikimi tau i tō tātou kāinga.	You go off and look for some numbers around our home.
Tuhia ngā tau ka kitea e koe.	Write down the numbers that you find.
I hea tēnei tau, te toru tekau mā ono?	Where was this number, thirty six?
Ki tō whakaaro, e tohu ana tēnei tau i te aha?	What do you think this number is signifying?
He aha te tau o te whārangi whakamutunga o tēnei pukapuka?	What number is the last page of this book?
Titiro ki te kāpata kai. He aha ētahi tau e kitea ana i ngā pāketete kai?	Have a look in the food cupboard/pantry. What are some numbers you can find on food packets?
He aha ngā tau e tika ana kia tuhia ki tēnei kapa o te tūtohi?	What numbers should you write on this line of the chart?
Mehemea kei waenganui te tau i te kore me te iwa, me tuhi ki tēnei kapa o te tūtohi.	If the number is between zero and nine, you should write it on this line of the chart.
Ko hea te wāhi tika hei tuhi i te whā tekau mā rua?	Where is the correct place to write forty two?
Ko tēhea te rōpū tau e kitea nuitia ana i tō tātou kāinga?	Which grouping of numbers is seen most in our home?
